OBJECTIVE

Seeking a position as an programmer or developer where I can expand my experience and passion for web development.

WORK EXPERIENCE

Blastoff Creative, LLC.   August 2014 — Present

Co-Founder & CTO

I co-founded Blastoff Creative to provide clients with stellar performing and stellar looking sites. In order to provide the best performance for our clients, we build our sites on the Laravel 4 PHP Framework.

At Blastoff, I am the lead developer working on our custom CMS system, Launchpad. Responsiblities include gaining clients, maintaining the Launchpad system, and developing and testing new features for Launchpad.

BuluBox   May 2014 — August 2014

Web Developer

At Bulu Box I worked with the Magento based web store. I installed, tested and deployed many new features, including a new brands page and Facebook login.

Responsibilities included fixing general issues with the website, testing new plugins and features, and installing new features

University of Nebraska - Lincoln   January 2014 — May 2014

Student Intern

I worked on a faculty run project that included working with C# and ASP.NET. On this project I began to learn the basics of MVC frameworks and web development.

Northen Tier High Adventure   June 2013 — August 2013

Interpreter / Canoe Guide

Guided groups of six to eight Boy Scouts and adults on five to eight day overnight camping trips in the Boundary Waters Canoe Area Wilderness in Northern Minnesota.
Responsibilities included teaching participants canoeing and camping skills as well as handling emergency situations.

SKILLS

- PHP 5, Laravel 4 Framework
- Java
- HTML
- MySQL
- Linux / Unix

EDUCATION

Bachelors of Computer Science   August 2013 — May 2017

University of Nebraska - Lincoln

I am currently attending the University of Nebraska where I am receiving an education in Computer Science with a minor in Business. I was accepted into the Jeffrey S. Raikes School of Computer Science and Management, which is a CS and Business based honors program.

Secondary Education   August 2009 — May 2013

Creighton Preparatory School

Cumulative GPA: 3.89
ACT: 33
Relevant Courses: Computer Networking
Advanced Placement Courses: Physics I & II, English Language and Composition, Calculus AB & BC
Activities: Trap Shooting, Robotics, Concert Band, Jazz Band, Pep Band
Graduation Date: May 2013 with Highest Honors

AWARDS & RECOGNITION

- University of Nebraska Lincoln Regents Scholarship
- Jeffrey S. Raikes School of Computer Science and Management
- Boy Scouts of America Eagle Scout

INTERESTS

Web Development, PC Gaming, Star Wars, LEGO, Camping and Linux
